

# Palmers Cross Primary School Newsletter

Friday 28th May 2021

Dear families,

Well it has been a busy half term at Palmers Cross. Weather has not been on our side for the majority of the time but hopefully will improve after half term. Thank you for your support through this half term.

Pupils across school have been working very hard especially in their writing lessons this half term. I have seen some excellent pieces of work. During the second half of the summer term school is planning to organise a range of events that would normally take place during this time. Some of these dates have been included within the newsletter with further information to follow.

I hope that you have a well deserved half term break and look forward to seeing you all when you come back into school.

Mr Nicholls

## Class 5

**Class 5** have been working hard to produce their own printed t-shirts inspired by their thematic topic 'Amazing Africa'. Pupils produced some very clever and intricate designs.

## Class 2

**Class 2** have been superstar writers over the past few weeks. Their handwriting, spellings and punctuation have all improved. They have really enjoyed writing about the enormous crocodile.

### Covid-19 Updates

As a city, Wolverhampton Covid-19 rates are currently low. Schools are adhering to guidelines with support from pupils and families. We must ensure that we continue to do this throughout these next few months especially during holidays.

The city council are recommending that primary schools continue with their lateral flow testing of staff and families continue to be vigilant with track and tracing. If pupils do become ill then parents and carers must inform school. At this point a PCR test **may be recommended**.

**If the PCR test is positive**, pupil and household isolate for 10 days from symptom onset of case. Other household contacts can stop isolation after 10 days if they are well. Household members all get a PCR test **even if asymptomatic**.

Schools will continue to follow their track and tracing guidelines with class bubbles.

If you need to contact school to report a positive case or isolation period over the holidays please use our school email address [office@palmers.org.uk](mailto:office@palmers.org.uk)
