

# Palmers Cross Primary School Newsletter

## Friday 2nd July

Dear families,

It has been a busy few weeks in school. Pupils have been completing their end of term assessments in maths, English and science in some year groups. Teachers have been busy writing their end of year reports for pupils. Well done to year 4 pupils for completing their multiplication test. In school, we have had some lovely themed days including reception, nursery and class 7 seaside day which pupils thoroughly enjoyed.

Thank you to all our parents and carers that attended sports day. Each class tried really hard in their races and it was great to see all pupils being able to take part. I especially enjoyed watching the egg and spoon races and seeing the concentration on the faces of our pupils.

We have two weeks remaining in school and lots still to fit in. We will be saying goodbye to our year 6 class. They have been superstars this year and worked really hard to reach their end of year targets. Year 6 are looking forward to their well deserved fun afternoon.

Next week we will be sending out transition details for each class.

Thank you again for your continued support throughout the summer term.

Mr D Nicholls

## Netball Stars!

Our superstar netball team put in a great performance in our Inter Trust competition and finished in second place.

Our pupils were so pleased with their medals and certificates. Well done!

## Seaside Day

Nursery, reception and class 7 pupils had a lovely seaside day in school. They enjoyed pony rides, ice cream and outdoor activities.

## Class 7

Class 7 would like to say a big thank you to Brook Coffee House for donating a writing window for pupils to use. They have enjoyed writing their names and pretending to be a teacher.

### Key dates
