

Year 2 Summer Term

Welcome back after the Easter break. We hope that you all had an enjoyable holiday! We look forward to a jam packed summer term with lots of exciting lessons ahead!

Maths

As mathematicians in Year 2, the children will be continuing to practise and apply their addition, subtraction, multiplication and division skills. The children will also learn the features of 2D and 3D shapes and will use the language linked with the position and direction of objects. We will also learn about reading scales for capacity, mass, length and temperature.

English

In English, the children will continue to apply their spelling, punctuation and grammar skills. Throughout the term, the children will be learning about non-chronological reports, extended stories, silly poems and persuasive writing. The children will have spellings to learn on a weekly basis. Spellings will be tested and given out on a Friday.

Science

As Scientists, the children will be learning about plants and will be basing their scientific enquiry around the question 'How does my garden grow?' Children will be carrying out a variety of investigations to find out about germination and the best conditions in which different plants need to grow.

Religious Education

In Religious Education, the children will be learning about people's beliefs by exploring stories and prayers.

Art

As artists, children the children will be looking at the work of Vincent Van Gogh. They will be studying his paintings and learning how to draw a sunflower. Children will draw and paint their own picture of sunflowers.

Design and Technology

As designers, the children will be designing and making their own sunflower. They will learn how to join fabric together using a variety of techniques.

P.E

Children will be continuing to learn different skills within PE lessons. Children will also have a weekly gym or dance lesson.

History

As historians, the children will be finding out about an important historical event- the gunpowder plot.

Geography

In Geography, the children will be comparing the physical and human features of Wolverhampton with Grenada.

Music

As musicians, the children will be learning to accompany their songs with instruments.

Computing

In Computing, the children will be learning about and creating their own algorithms.
